DAS TEN SING FESTIVAL

Lutherstadt Wittenberg  
8 to 13 August 2017 ↑

(KIND OF) NEAR BERLIN!

Dear **TEN SING** friends from Europe and around the world,

In 2016 and 2017 we will celebrate the 30<sup>th</sup> anniversary of our youth movement with a huge number of different events. And the grand finale of our celebration year will be the **TEN SING Festival in Wittenberg**.

We would love to celebrate together with all of you, our European friends and invite everyone to join the festival with your local TEN SING groups!

The festival is going to take place in **Lutherstadt Wittenberg** near Berlin, from the **08.-13. August 2017**. It's the city where 500 years ago Martin Luther lived, studied and published his 95 theses, that started the Reformation.

Our festival is also part of this 500-year anniversary and will be located on a specially built camping ground for youth groups coming to Wittenberg in 2017 and that can accommodate up to 1400 people.

Our festival program will include a spectacular variety of shows, workshops, creative, sportive and spiritual opportunities and lots of different ways to meet new people and get to know each other. Of course we welcome all of you to participate in the program with your own ideas, concerts and workshops!

We are planning a great opportunity for TEN SING groups around the continent to unite and renew some long term friendships established within the ETS

family who's (-spoiler alert-) festival is also coming up in 2018.

As it is a German TEN SING festival most of its program will be in German, but we are planning several measures of translation to reduce language barriers, depending on how many international guests will join us.

The camp price will be approximately **around 150,00€** per person. This includes lodging, food and all program events. But this price can be reduced further if we can apply for international funding. So to apply for the various European funds we need to know who is going to join us.

The costs of travelling have to be arranged separately by all participating

groups, but also of course here is the first big chance to team up with others. And we will also offer help for all, who are interested in finding German partner groups for a visit and exchange ahead of the festival.

**Please spread this invitation to your local groups!** We will need a response from every group, which is planning to come, best before the 25th of August.

**We hope to welcome all of you in Germany 2017!**
